

GOD'S GARDEN of Allotments

Imagine some different allotments
and the people who look after them

Fruitful plot Friendly gardeners	Enthusiastic family Young children	Abundant produce Happy to share surplus
Gorgeous greenhouse for all to see	Elderly gardener needs some help	Dream shed All the latest gadgets
Neglected plot full of weeds	Hops for homebrew Vines for vintage	Strict committee member beware

Now think of your local churches. **Any similarities?**

How much do we care, or share, or beware?

How can we grow together in God's Garden?
